

# KatAnu Leadership Growth Wheel

## Leadership is a journey, not a destination!

True leadership is dynamic, requiring continuous learning, self-reflection, and adaptation. Recognizing this, Team KatAnu—led by Kate Megaw and Anu Smalley —has developed the KatAnu Leadership Growth Wheel, a powerful framework designed to help leaders assess, refine, and expand their capabilities across 8 critical domains and 24 essential skills.

## Using the Leadership Growth Wheel

Assess Strengths | Identify Growth Areas | Create an Action Plan

To schedule a results review or action planning session, contact us
